REGATTA NORWEGIAN LIFEGUARD SPORT & LEISURE 2012 THE COLLECTION

REGATTA

THE ROUGH CONDITIONS OF THE NORTH SEA IS ONE OF THE MOST DEMANDING MARITIME ENVIRONMENTS IN THE WORLD. SITUATED ON THE 62°. THIS HAS BEEN THE SURROUNDINGS AND THE INSPIRATION FOR REGATTA SINCE THE 1950'S.

WE ARE PROUD TO MAKE PEOPLE SAFE THROUGH CONSTANT DEVELOPMENT OF TRUSTWORTHY AND INNOVATIVE CLOTHING AND LIFESAVING EQUIPMENT. WE ARE REGATTA, THE NORWEGIAN LIFEGUARD.

WHAT TYPE OF FLOATATION PRODUCT IS BEST FOR YOU?

OUR PRODUCT RANGE HAS NEVER BEEN WIDER OR MORE VARIED. HOWEVER, ONLY YOU KNOW WHAT YOUR NEEDS ARE. LET US TOGETHER FIND THE RIGTH BOUYANCY PRODUCTS OR LIFEJACKET FOR YOU AND YOUR NEEDS.

FLOATATION PRODUCTS CATEGORIES:

The body does not weigh as much in water as it weighs on dry land. 50N (N = the unit of buoyancy. 10 N = 1 kg) is therefore normally enough to maintain an adult's buoyancy. Regatta's products are CE marked, which certifies that they are according to European Standards (EN/ISO).

50N – ISO 12402-5 / EN 393

FLOATATION vests, floatation jackets, floatation suits. Only for those who can swim. For use in protected waters where help is nearby. Not a lifejacket!

150N – ISO 12402-3

Lifejackets. Coastal and offshore waters used with foul weather clothing. Buoyancy must be carefully evaluated where heavy tools or equipment are used.

100N – ISO 12402-4

High fluorescence lifejackets with reflective stripes. Should be able to demonstrate, using the stipulated test procedures, that the jacket can turn a person on to their back. Persons that cannot swim should always use a lifejacket. For use in protected waters.

275N – ISO 12402-2

Inflatable lifejackets. Offshore, shipping and industry for extreme conditions. Can be used with strong protective clothing, most survival suits and safety harnesses.

MOST PRODUCTS IN THE COLLECTION HAVE UNIQUE FEATURES, LOOK AFTER THE SYMBOLS BELOW. BE ALSO AWARE OF THE SPESIFIC ISO APPROVALS, LINKED TO EACH PRODUCT.

ISO 12402 — Products approved according to international standard ISO 12402

CUSTOMISED — Product provides the possibility for logo application, either by embroidery or transfer/silk screen printing

INTERLOCK — A wave barrier technology integrated in the inflatable lung of the lifejacket

OUR CHILDREN ARE THE MOST PRECIOUS THINGS WE HAVE

Parents want high quality and comfortable lifejackets which their children will enjoy using. Regatta lifejackets are designed to be used and have strong waist and crotch straps and a solid zip at the front. Children are active and curious and need freedom of movement. Our lifejackets support this. They are designed to provide high levels of freedom of movement and do not have any obstructions that can reduce the child's field of view. It is important that children enjoy using the lifejackets, which is why we are using materials that are both

Tested by the magazine BÅTLIV 2011

REGATTA
REGATTA

A VERSATILE VEST FOR MANY ACTIVITIES INCLUDING WINDSURFING, PADDLING OR FISHING FROM ROCKS

A vest for all-round outdoor enthusiasts with varied interests or for those who need an all-round vest. You can safely use the vest for windsurfing, kayaking and canoeing, or for pleasant trips along the river with a can of worms and your fishing rod on your shoulder.

Please make sure, for your own safety, that the vest fits correctly. Remember to adjust it so that the vest is correctly positioned. You are then ready to enjoy your leisure pursuit.

REGATTA POP STINGER

Floatation vest with quick-release buckle belt and top and bottom tie cord for maximum adjustment. D-ring for attachment to emergency stop.

50N

Colours: Red and Navy blue
Size: 30/50, 50/70, 70/90
and more than 90 kg

ISO 12402-5

REGATTA POP WYPER/NORWAY

POP Wyper is a floatation vest with a fresh design with extra details as zipper in front and a handy pocket also with zipperclosure! Belt with click buckle, adjustments for best fitting and D-ring – on both floatation vests.

50N

Colours: Red, white and Navy blue
Size: 30/50, 50/70, 70/90
and more than 90 kg

ISO 12402-5

REGATTA ACTION EXPLORER

Action Explorer floatation vest is for the active user which has high demands to details and functionality. The vest is designed for sailing, paddling and water sports where comfort and freedom of movement is essential. The vest fits well to the body with adjustments in front and on shoulders. Two brackets for light – right side front and left side back (CE–approved light is accessories). Equipped with crotch strap.

50N

Colours: Mango, Black and Red
Size: 30/50, 50/70, 70/90
and more than 90 kg

FLOATATION VEST TO WEAR WHEN AT SEA OVER WATER!

Signal – the new sporty floatation vest from Regatta has a modern look inspired by maritime details. When wearing a Signal floatation vest you will feel comfortable, trendy and safe at the same time!

REGATTA SIGNAL 650/651

Floatation vest designed with inspiration from the maritime environment. Windproof and water repellent shell. Hood – folded in the collar – in fluorescent colour for high visibility when in use. Crotch strap, can be stored when not in use. Zip in front and cord for individual adjustment. Pocket with zips. D-ring for attachment to the emergency stop.

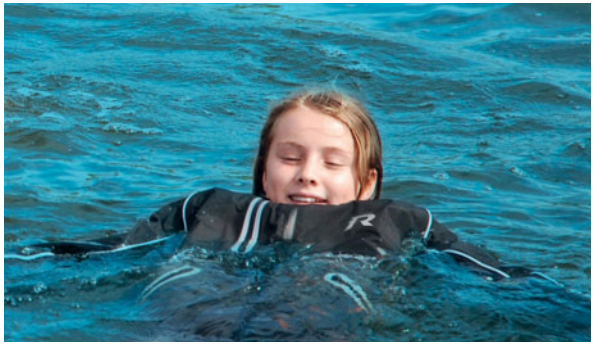
650 Colour: White. Size: XS – XL
651 Colour: Navy blue. Size: S – XXL

CUSTOMISED

REGATTA
REGATTA

A DESIGN WHICH PROVIDE IMPROVED FREEDOM OF MOVEMENT AND COMFORT IN THE MARITIME ENVIRONMENT

Regatta Horizon is tailored, windproof and water repellent, with waist tie cord and Velcro cuff tightening. Details such as ventilation under the arms, concealed hood and windproof zips make this a floatation jacket you will love. High fluorescent yellow hood ensures that you will be visible if a critical situation should arise. You will not only look great in a Regatta Horizon, but you will also be well protected.



REGATTA HORIZON 850/852

Floatation jacket with a windproof and water repellent shell. Windproof zip at the front. Cuffs with velcro adjustment. Waist tie cord. Fleece-lined neck. Fluorescent yellow hood for increased visibility, can be folded into the collar. Practical pockets with zip. Crotch strap, can be stored in an own pocket when not in use. D-ring for attachment to emergency stop.

50N

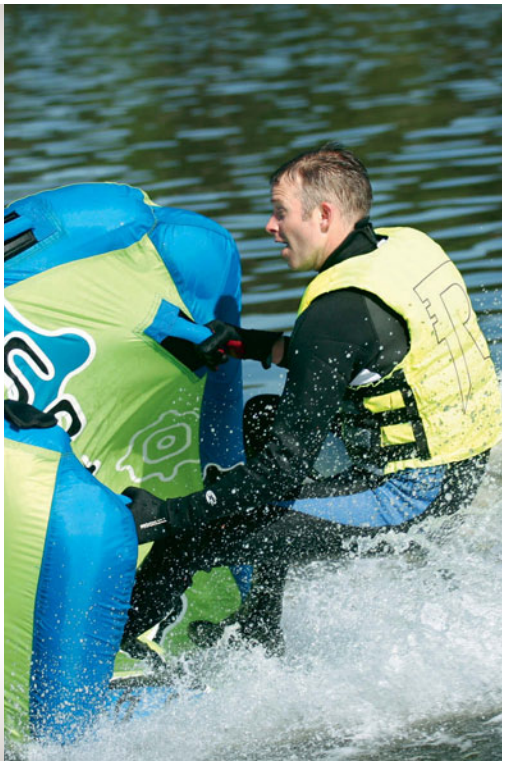
852 Colour: Red. Size: XS – XXL

CUSTOMISED

CREATED FOR HIGH SPEED ACTION-PACKED DAYS ON THE WATER.

Dressed in this fluorescent yellow vest, you skim across the waves, water-skis on your feet. Belts fitted with strong and high quality quick-release buckles ensure that the vest fits perfectly. Everything is thoroughly thought through and tested so that you can concentrate on the exhilaration of the water, speed and the adrenaline. Fluorescent yellow has been chosen to ensure that you are highly visible and can be seen by others. The design of Regatta's water sport vest is as focused on safety and comfort as it is on speed and excitement.



REGATTA RACING

The vest has a modern and close-fitting design. Four adjustable belts with quick-release buckles for maximum adjustment. Water resistant shell in fl uorescent yellow makes it the right choice for wakeboard, tubing or water skiing activities. The floatation vest is equipped with a D-ring for attachment to an emergency stop.

Colour: Fluorescent yellow/grey/black.
Size: Youth 35/50, small-medium 40/70, large-XL and more than 70 kg.

FLEECE JACKET WHICH KEEPS YOU FLOATING

How wonderful to put on a soft fleece jacket when daylight begins to disappear and the fire has become just glowing embers. Fleeces were once reserved only for mountain hikers and climbers. However, sailors with Regatta Coast can now enjoy this practical and comfortable piece of clothing. The polar fleece Regatta Coast is soft, comfortable, warm and provides good safety for pleasant evenings by and on the sea.

REGATTA PET BUOYANCY AID

A soft, comfortable and light weighted buoyancy aid for our pets. Protects your pet from cold and heat. Wide webbing with click buckles for easy donning and adjustments. Fitted with a lifting handle and D-ring for the leash. Suitable for both cats and dogs.

Colour: Red.
Size: S (0–5 kg)
M (5–15 kg)
L (15–25 kg)
XL (more than 25 kg)

REGATTA COAST 606

Regatta Coast 606 is a light and comfortable floatation jacket in a classic design. The model appears as a regular leisure jacket but in addition it provides safety and protection against hypothermia in an emergency situation. Polar fleece outer fabric and soft floatation material makes it warm and windproof. The floatation jacket Coast 606 has 2 pockets outside and 1 inner pocket – all with zippers. Crotch strap which can be stored in an own pocket when not in use and D-ring for attachment to emergency stop.

50N

Size S – XXXL
Colour: Navy with grey and red details

REGATTA'S FLOATATION SUITS HAVE SAVED LIVES!

It is important, when an accident occurs, wearing the correct clothing. The floatation suits are tested for both extreme environments and for open sports boat trips. The suit has become a good companion for many seafarers. The suits are light and features ventilation which makes them perfect for use in working situations. The buoyancy materials also provide insulation against the cold and protection in emergency situations. Windproof and water-repellent materials and taped seams.

REGATTA ACTIVE 911

Taped seams. Neoprene cuffs. Practical fleece-lined pockets. Removable hood. Zips under arms for ventilation. Adjustable belt with quick-release buckle and safety harness* tunnel (extra equipment). Active 911 is equipped with inner suspenders. This to secure that the floatation suit is perfectly fitted. Due to the fact that the suspenders are fitted inside the floatation suit at waist height.

Approval: EN 393 Floatation. Tested and found in compliance with ISO 15027 class D-thermal protection. * Safety harness is extra equipment
Colours: Navy blue/fluorescent yellow
Size: XS – XXXL

CUSTOMISED

REGATTA COASTLINE 953

TO ALL-WEATHER SAILING ENTHUSIAST

Regatta Offshore Extreme is designed in close collaboration with experienced mariners. The suit will enhance the pleasure – and safety - of the sailing experience. With fully lined breathable outer fabric of Entrant Dermizax® PE, which is waterproof and windproof, and panels of Kevlar® to reinforce arms, knees and seat. All seams are taped. This is the ideal, top-of-the-range, two-piece, safety and protective suit for the serious, all-weather sailing enthusiast – especially in rough seas and storm conditions.

Sailingjacket with an integrated inflatable lunge with manual inflation.

REGATTA OFFSHORE EXTREME 110/111

The jacket has a 150N inflatable lifejacket with manual inflation built-in. It is equipped with a safety harness and crotch strap together with whistle and SOLAS approved reflective tapes. This makes the jacket fitted for most situations. The sailing gear has an outer fabric in high visibility colour made of Entrant Dermizax® PE, water- and windproof. With reinforced panels of Kevlar® onelbows, knees and seat. All seams are taped. The sailing gear is specified and manufactured to give a product which is second to none in terms of rugged, dependable performance. Approved safety product according to ISO 12402-6 150N.

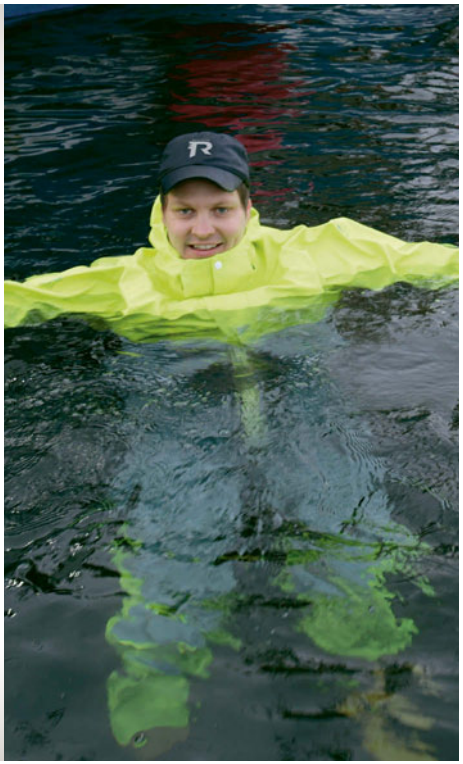
PROTECTIVE CLOTHING WHICH IMPROVES COMFORT AND SAFETY FOR BOTH LEISURE AND PROFESSIONAL FISHERMEN

Through generations of testing we, working together with fishermen, have developed the ultimate workwear for all those working in the fishing industry – at all levels. On deck, there is plenty to do and it is not unusual for fishermen to take their jackets off when it gets too hot. We have, for this reason, chosen to locate floatation panels at the front and back of the overall. The elbows and knees are also tailored, to ensure users maximum freedom of movement. Not only professionals should have good equipment!



REGATTA FISHERMAN

Two piece oilskin-style bib & braces trouser and jacket. Wind and water-tight shell of PVC coated polyester. Fluorescent yellow for increased visibility and practical grey in vulnerable areas. No external details on which to get snagged in equipment when working. Buoyancy is built into the overall. The overall has zones in the sides for ventilation and pockets with zips and flaps. Elastic, adjustable braces with quick-release buckle to help taking on and off quick. Knees are body-tailored and reinforced, as are the lower legs. Pockets for kneepads. The overall is approved in accordance with 'Standard for buoyancy aids' ISO 12402-5. The jacket has double buttoning at the front. Elbows are reinforced and body-tailored. The hood has a brim with a drawstring for adjustment. The jacket does not have buoyancy elements.

DO YOU NEED A LIFEJACKETS WHICH IS LIGHT AND PROVIDES MAXIMUM FREEDOM OF MOVEMENT?

And which, at the same time, allows you to wear additional clothing underneath? Then an inflatable lifejacket is your best choice. Regatta's inflatable lifejackets are made for those who are focused on freedom of movement, activity and high levels of safety. The lifejackets can also be combined with other Regatta buoyancy aids. It is important to emphasize that inflatable lifejackets are technical products which require maintenance.

REGATTA SPORTSAFE

Designed with shorter shape for optimal freedom of movement. Solid nylon outer cover and "break-out zipper". Rounded shape with neoprene-lined collar gives vital comfort and support. Bracket for attachment of light and knife etc. (CE –approved light is accessories).

INFLATABLE LIFEJACKETS

There are several models which are in different price ranges and are designed to meet different needs. The lifejackets are designed for maximum freedom of ovement. They can also be manually activated by pulling the pull cord or blowing into the nozzle. Adjustable belt, equipped with grab loop and whistle. All inflatable lifejackets are designed for persons who weigh more than 40 kg, except Childsafe which is designed for bodyweights of 18–40 kg. Extra equipment: Crotch strap (Childsafe and Sportsafe are equipped with a crotch strap as standard) and water activated light.

WHY IS MAINTENANCE OF INFLATABLE LIFEJACKETS IMPORTANT?

Inflatable lifejackets require technical inspection and annual maintenance to ensure that the lifejackets work as required when you need them. You can carry out pre-use inspections yourself. Read the user manual carefully! Check that the vest is intact before use. Open the cover and check the lung itself. Make sure that the CO2-cylinder is fully screwed into place and is not damaged. Check that the end cap is screwed fully into place and that the indicator clip is correctly in position. Ensure that the pull cord is placed outside the outer cover. See instructions in the product's packaging or go to www.regatta.no for more information.

Re-arming kit HR 24 gr. complete

Re-arming kit UM 33 gr. complete

Operating head UM

Previous version of Operating head HR

APPROVED ACCORDING TO THE NEW INTERNATIONAL STANDARD FOR INFLATABLE LIFEJACKETS ISO 12402

REPLACEMENT OF BOBBIN TYPE HR

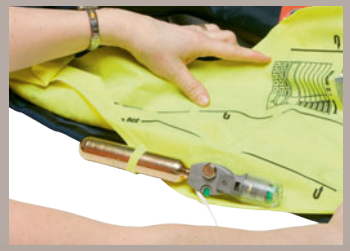
- Date stamped bobbin (production date)
- Bobbin shape ensures correct fitting

- Ensure that the end cap is screwed fully into place

- End cap displays a green indicator when correctly fitted

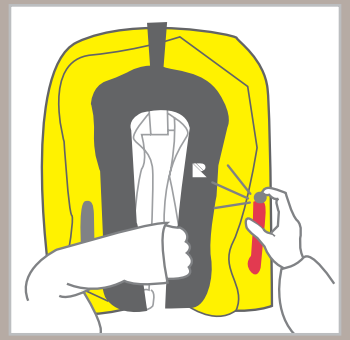
CHANGE/INSPECTION OF CO2-CYLINDER

- Replacement after cylinder has been discharged
- Replacement of gasket
- Visual control



- Ensure that the cylinder is fully screwed into place

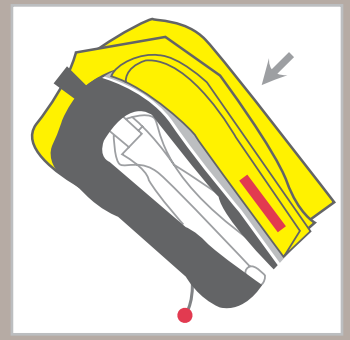
CORRECT PACKING OF INFLATABLE LUNG WITH SEPARATE OUTER COVER



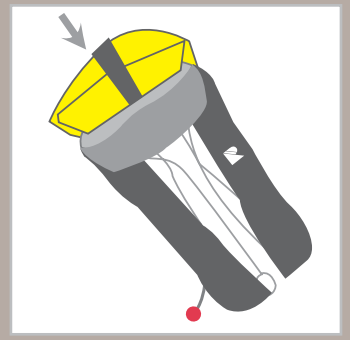
Remove all the air by pressing the valve cap on the nozzle and apply pressure to the lung.

The lifejacket is flattened and is prepared for packing.

Fold the lung up. First fold the side where the re-arming mechanism is found. Remember to close the Velcro opening. Fold in layers as shown*. The pull card is to be fed out through the Velcro.



Then fold the opposite side. Remember to close the Velcro opening. Ensure that the nozzle is easily accessible. Attach the grab loop over the nozzle.



Finally, fold the vest collar section. Ensure that the belt strap is centred.

The inflatable lung must not be rolled.

* Inflatable lung must be folded.
